

(The following is the schedule as of September 1. A person or two had to cancel before the conference, and a person or two did not make the virtual connection into the conference and present, but this is both roughly what was presented, and equally important, what was intended to be presented, by people who work on this topic. Emails for all presenters are in a separate document linked to from the same page, with the intention of beginning to facilitate communication on ideas, and interactive work done among everyone involved)
